# awareness

—tools for connected humans, 2018.

“Awareness” is the first tool of the Connected Humans collection.

The Awareness tool will help you use less your phone during the day by tracking the time spent on your device. Set a goal for the day and go for it. Try to spend less time with your screen on and beat your friends’ scores.

Awareness tool is your new time-waste-proof companion.

1.

2.

- Your daily goal.
- Usage of the day.
- Comparing with average daily usage.
- Comparing with friends.
